Dutch & Dewey Distillery Introduces Old Town Eureka Coffee Liqueur

BLUE LAKE, CA, September 2, 2015 — Dutch & Dewey Distillery is proud to announce the release of their Old Town Eureka Coffee Liqueur; a full-flavored, rich-tasting coffee liqueur made from a special blend of custom roasted coffee from Old Town Coffee & Chocolates and Dutch & Dewey Distillery's Farm Horse Vodka. It is available at a variety of Humboldt and Del Norte County retail and restaurant establishments (for a complete list of locations visit [DutchAndDeweyDistillery.com/buy.html](http://DutchAndDeweyDistillery.com/buy.html)).

The Dutch & Dewey Distillery Old Town Eureka Coffee Liqueur is a custom blend of cold-brewed Old Town Coffee & Chocolate's Organic Espresso, Dutch & Dewey Distillery's Farm Horse Vodka, a minimal amount cane sugar for a touch of sweetness, and a hint of vanilla. The resulting product is distilled at 25% alcohol (50% proof) so the coffee liqueur can be enjoyed by itself, with a splash of cream (Dutch & Dewey's favorite), or to enhance cocktails.

"Old Town Coffee & Chocolates and their attention to quality were complimentary to Dutch & Dewey Distillery's. We were delighted to collaborate with them to identify the best of their coffees to create just the right balance of flavors in our liqueur," said Jeff St John, Dutch & Dewey Distillery owner and distiller.

Dutch & Dewey Distillery is located in Northeastern Humboldt County, California and is operated by a husband and wife team. Established in 2013, Dutch & Dewey Distillery is devoted to the production of small batch and hand-made spirits using the distillation equipment designed and built by the distiller. All spirits are distilled and hand-bottled on site at Dutch & Dewey Distillery. The distillery is sustainably run and is off-grid and hydro- and solar-powered.
